

## **Comanche Documentation Online Project (CDOP)**

a MiniZOOM session – Sunday, June 28, 2020

This Sunday evening MiniZOOM was a follow up to the June 25 special 10-minute introduction to introduce the Comanche Documentation Online Project (CDOP).

Our own Matthew Smith has created a scan-and-OCR (searchable!) online repository of maintenance and operation manuals for all models of the Piper Comanche. This effort is essential to our survival as a type! Matthew is continuing to add more documents to this already impressive library of Service Manuals, Parts Lists, Operators Handbooks etc. Matthew has requested our help in locating additional documents, particularly for the Comanche Twins.
