

September 10 ComancheZOOM: “**Best Glide**”

presented by Gregg Squires, Designated Pilot Examiner, Airplane and Glider

Greg Squires, Airplane and Glider DPE, discusses glider principles applied to landing in engine-out situations. There is discussion of glide ratio (L/D), examples of glide range for a given altitude, winds aloft awareness and effect, and how to choose a suitable field for an off-airport landing.

This ComancheZOOM was eligible for WINGS credit.

An interesting side topic was discussion by attendees of preparations for an around the world Comanche flight originating in Great Britain.
