

ComancheZOOM topic for Thursday, September 17, 2020

“Flying with ForeFlight”

with Ron Keil – well-known long-distance Comanche pilot

An in-depth demonstration of the many features available for preflight planning on the ground and for updates in the air. Ron walks us through the entire process for a flight from his home airport in Michigan to Fort Worth, Texas. He shows all the features he uses (and then some) and how to find them in the program.
