

ComancheZOOM for June 10, 2021

Topics: **2021 AGM** and **Project Updates**

The main purpose of this ComancheZOOM was to convene the 2021 AGM of the Northeast Comanche Tribe, Inc. This Zoom platform was chosen to allow maximum accessibility to interested members and provide information to everyone.

A series of Resolutions were proposed to the group, along with detailed explanations of the benefits that would result. At the close of this portion of the Zoom the AGM meeting was suspended to be continued at a later date. Those in attendance were directed to a form on the NortheastComanche.org website with which they could vote on the proposed resolutions. There were 54 responses, the results of which will be reported soon.

The Zoom continued with a number of updates of on-going Northeast projects, in particular the growth of the Comanche Neighborhood concept, with a number of scheduled fly-ins across the country, and the new tool developed to allow virtual inspection through the use of Zoom technology.
