Title: **2022 ComancheTown LAL Review – Part II**

This ComancheZOOM is part II of a review of our gathering at ComancheTown LAL.

Hear about Greg Piehl's experience of having Sun N Fun judge your Comanche and his successful outcome. George completely restored his 250 in his workshop, including a custom panel of his own design. The two years of work was completed just days before he flew it to Oshkosh for the 2021 AirVenture.

Hear about George Grattan's Forum presentation at SNF. George described his loss of engine in IMC over Georgia in an earlier ComancheZOOM. This was the #1 most attended presentation and has led to invites to present at this year's AirVenture, at next year's Sun n' Fun, and at several other venues. ComancheZOOM gone viral!

We finished up with some group buy announcements and a discussion on aircraft insurance. World events are adversely affecting rates and requirements, especially for older pilots. Some explanations and suggestions were mentioned in that regard.
