

February 4, 2021 ComancheZOOM

## **Topic: Group discussion of past and future Group Buys**

CJ Stumpf brought an in-depth discussion detailing the content and history of past Comanche group buys opportunities – what was offered and how each came to be created. The clear message was of the team effort of Comanche owners and the various providers of the goods and services.

Zoom attendees brought their own experiences and ideas to add to the list of possible Comanche group buys. We ended with a spirited discussion about a possible future group buy approach to aircraft insurance. A strong sales point to insurance underwriters would be reduction in accident claims through focused Comanche type training.

This led to a plan to create a training guide for CFI's to use when working with Comanche pilots in their aircraft, drawing on the expertise of the more experienced pilots and instructors among our ranks. The group decided to continue this effort offline and bring it back in a future ComancheZOOM.
