

ComancheZOOM for Thursday, January 25

Topic: Comanche landing gear overhaul & restoration

to better than new specs! with Hunter Neucere

Hunter just restored his 250 gear to drop dead gorgeous and has quarterbacked a team through the 1000-hour gear AD for a twin Comanche overseas. He will discuss the tools and techniques and answer questions like: What is it? How to perform it? What are the tools used? What are the techniques needed (rigging!) and how to do them?

Only Lee Hussey (with all 3 EAA Lindys to his name!) is better known for over-the-top stunning landing gear, and Hunter is following in Lee's large footsteps here, along with Canadian Francois Marquis.

Please join and meet our up-and-coming core Comanche community leaders!
