

ComancheZOOM for July 13, 2023

**Topic: ATC Save in IMC, Low Fuel, Lost Comm**

Hugh Hunton, former Ft Worth Center ATC, will present his amazing save of a doctor that was low on fuel and had a total electrical failure on the miss in serious IMC and went lost Comm. ATC was able to call his hospital, convince them they really were the FAA and trying to help the guy, and got them to hand over his cell phone number.

Just imagine yourself being in the soup, low on fuel, hand flying on steam gages alone. You take out your cell phone to leave a goodbye message for your family, and it buzzes with an incoming call.

Plus ComancheTown updates!
