

ComancheZOOM for July 15, 2021

Topic: Flying into AirVenture, Vintage Group Parking and Camping Options with Randy Hytry

This is a very important Zoom for anyone planning to attend AirVenture and/or ComancheTown at OSH. It is so important that attendees will be able to get WINGS credit for it.

Randy Hytry oversees the Vintage Parking/Camping area at AirVenture. He covers ground operations once you have landed, with a chance to ask questions too.

We also go through the various details of the 2021 AirVenture NOTAM. Flying in heavy traffic is always a challenge, especially if your main experience is to or from a small GA airport. The arrival NOTAM is well thought out and concise but requires a clear understanding by each pilot to operate safely. This ComancheZOOM goes over the arrival procedures, particularly the 2021 modifications, with a chance to ask questions.

As always, the bottom line is safety, safety, safety.

Those planning to attend ComancheTown at AirVenture will want to view this excellent EAA video - [2021 AirVenture NOTAM details - EAA](#) - explaining this year's procedure and changes.
