

July 1, 2021 - ComancheZOOM

**Topic: Garmin GFC500 Autopilot Install, soup to nuts**  
with Sonny Mounicou, Jeff Mann, and John Gearhart

Sonny has documented a complete Comanche install of a 4-servo system (pitch, roll, optional yaw, and optional electric trim) with photos and video. He will be talking us through the experience, from the amazing flying result, to the peaks, valleys, and boulders leading up to it.

This ComancheZOOM is eligible for FAA WINGS credit as sponsored by Robert Lenert of the Bradley CT FSDO FAA Safety Team. To register people went to NortheastComanche.org, clicked on the ComancheZOOM page link and then the RegistrationForm link provided.

You can view/hear the recordings on the Northeast website. Check them out at:
