

July 21, 2022, ComancheZOOM

Topic: Open mic discussion of AirVenture/ComancheTown items, with focus on long distance flying.

Pilots were requested to bring their experiences and/or questions as both will help our fellow aviators - even if they cannot make it to Oshkosh ComancheTown this year.

Over 80 pilots have registered for ComancheTown this year, with mid-week parking totals north of 70.

We were able to use the pre-ComancheTown gathering point (C35, Reedsburg Muni) in Reedsburg WI. The airport manager is Charlie - and a huge thanks goes to host Joe Canepa for putting this together for us!

Joe will do his AirVenture NOTAM briefing Saturday morning, July 23, at 7AM. This is an expert briefing on flying to Oshkosh using the published arrival, with handouts. Color printouts of the ComancheTown parking sign will be available. Don't forget you will also need your VAC sign to display first, until you get pointed south along 18-36 at KOSH and are past the intersection.

If you are going to ComancheTown, enjoy the show! If not, come back to a future Zoom to find out all about it.

To hear/see the Zoom recordings click on a link from the list below.
