

Laser Height System - Group Buy Feb 2023 Pricing

Nidal A. Robb

See below for the Group Buy pricing structure.

These prices are available from **now until Feb 23, 2023**.

Note that these are owners/end user prices and include shipping cost to a single address depending on zone location.

For multiple units in one order, just deduct the listed savings for each additional unit (i.e. for 3 units deduct savings x 2). This also applies to orders for multiples of the same unit. Maximum in one order is 4 items.

To reserve units as part of this Group Buy fill out the /Forms/NE_LHS_GroupBuy form. The Group order will be place on Feb 23 and you will be contacted for payment at that time.

Unit	Shipping zone:	US lower 48	US AK and HI	Outside US
LHS 200-C	landing height + gear warning	\$834	\$870	\$886
LHS 200-B	landing height call out only	\$734	\$770	\$786
VBox PLUS	record voice + data	\$385	\$420	\$438
Savings (2 or more)		\$10	\$20	\$30

Few comments worth mentioning:

- Combined orders are considered one order when shipped to a single address.
- No more than 4 items in one order.
- Above prices include shipping. However, 5% of the unit prices itself, not including the shipping/insurance added cost, will be considered as a donation.
