Topic: Pilot Companion presentation with Pete Morse

We are scratching the original subject, Co-Pilot Checklist, on advice that we do not want to provide instruction in landing an airplane in an emergency. That is the pery of CFI and CFIs, and rightfully so. AOPA has withdrawn its Pinch Hitter program for much the same reason.

Instead we are presenting the "Pilot Companion" presentation first given at the 2012 ICS Convention in Baltimore. The target audience at the time were the friends or significant others who regularly accompany us pilots in our Comanches. The thinking was that, if they could have a detailed narrative of what goes into a successful flight, then they would be less worried and more able to participate in the conduction of the flight - feel more involved in it.

The material is posted on the Northeast Comanche Tribe website [NeCT/PilotCompanion_PCM-2012] and will form the basis for tonight's ZOOM.

Join us for this worthwhile effort, and feel free to chime in with ideas.
