Title: **Tool Loan and Resources available Plus ...**

In this Thursday's ComancheZOOM learn about our tool loan resources and other goods and services available through the Northeast Comanche Tribe., Inc.

Featured in the Tool Loan program are the 1000-hr Gear Inspection gauge set, the rigging adjustment tools, and the bungee installation tool pictured above.

The many other resources discussed include the [webpage listing](#) of Zoom recordings. This list is now searchable (Ctrl-F) to find titles with your key word (ie. "autopilot" or "engine"). These recordings have become a treasure trove of Comanche related information,

Another excellent resource is the ever-growing collection of Comanche documents available at docs.northeastcomanche.org. Here you will find Comanche manuals, STCs, 337s, and many other valuable bits of information.

We are also working on creating a database of skill resources – Comanche proficient CFI/Is, A&Ps, DERs, parts manufacturing, etc. As always, your input is vital. Send suggestions to Pete Morse at piper32p@gmail.com.
