Topic: Gifts of the FAA – the WINGS Program

Speaker: Philip Mandel CFI, CFI-I, MEI

One of the best gifts the federal government offers pilots is FAA's WINGS Pilot Proficiency Program. Sadly, it is one of the least understood. This Zoom will help you out why you should want to participate in this wonderful program. The presenter promises to make it easy for you by providing specific examples of how to earn WINGS Phases and what the benefits of the program are.

For WINGS credit attendees needed to go to Wings.NortheastComanche.Org and fill out the simple form with their name and the email used to join the FAA Wings program.

We also heard announcements about the EAA-Oshkosh 2026 anniversary parking for Comanches - ALL of them including, the 1971 and 1972 models – and the 90 day extension on the Piper fiber covered rudder AD proposal Request for Comments.
