

ComancheZOOM for Thursday, March 2, 2023

Topic: Installing the Laser Height System in your aircraft
with Nidal Robb

Nidal Robb provides details on purchasing, installing, and calibrating the Landing Height System component(s) in your aircraft. He was also available for questions on the features of the various components. This group buy represents a 30% savings over the standard prices, and includes shipping, both domestic and international.

LHS 200-C

This was the final day for purchase under this Group Buy. The offer included three units:

- LHS 200-C (landing altitude plus gear warning)
- LHS 200-B (landing altitude only)
- VBox Plus (voice and data recording “black box”)

There were over 50 units ordered in total.

This ComancheZOOM was a marathon session lasting over three hours. The whole thing was recorded for posting on the server.

Pete Morse for the ComancheZOOM team.
